

QDC Builders Limited is a registered building contractor and owner-operated business, specialising in domestic housebuilding, extensions, renovations and commercial contracting. The firm was established in September 2001 and is headed up by Anthony Quinn, founder and Managing Director. Anthony brings a wealth of construction experience to the business and ensures that each customer receives a professional, efficient, reliable and cost effective service, from inception through to project completion.

QDC Builders has built up an excellent reputation over the years, and this coupled with a great track record in Health & Safety, gives prospective customers true peace of mind; whether it's a one-off house, extension or a commercial development you can rest assured that your project will be delivered without compromise.
